Lowercase letters

Trace the letters with a medium tip marker or a soft pastel, following the indications of the ductus. If you are unsure, look at the previous page. Proceed slowly, do each stroke in a row without removing the pen.

Rhythms

Use a medium-tipped marker or a soft pastel to retrace the gray lines and then continue to the bottom of the line. Proceed slowly, try to do at least two or three consecutive repetitions without lifting the pen. Change color on each line.

Handwriting practice sheet for cursive letter rhythms. It consists of 18 rows of handwriting lines (top solid, middle dashed, bottom solid). Each row contains a series of connected cursive letters in a light gray font, with a downward arrow on the left side of the first letter. The letters are: m, n, u, c, o, e. The first two rows of each letter are full-length, and the next two are shorter. Small arrows indicate the starting point and direction of the pen strokes for each letter.
